Product Description

This USB cable by Delock enables the connection between devices with a USB Type-C™ port and a PC or notebook with a free USB port. It is visually impressive with its fine textile sheathing and connections with a sturdy metal housing. Quick charge function and performance With its 60 W, the USB data and charging cable enables fast charging with a power bank or modern USB chargers. Quick Charge 3.0 is supported up to 20 V and 3 A. LED display As soon as the cable is connected to a power source, the LED lights up in green and then changes to a colour gradient with three different tones (green, orange, red) when a device is charging. The lighting is always discreet and unobtrusive.
