### Product Description

**Description** This aluminium enclosure by Delock allows the installation of two M.2 PCIe NVMe SSDs in 2280, 2260 and 2242 format. It can be connected to a PC or notebook via USB. M.2 PCIe SSD clone function The clone function makes it possible to copy data from one SSD to another SSD without using a PC. SSD installation without tools The special feature of this enclosure is that no tools are required to install the M.2 SSD. The locking mechanism prevents the enclosure from being opened unintentionally, e.g. when transporting it in a bag. Well cooled A fan in the lower section of the enclosure ensures sufficient cooling of the SSDs used, so that operation works without any problems even when the enclosure is closed.
