55,66 EUR

Item no.: 395202
 shipping weight: 0.30 kg
 Manufacturer: Delock

Product Description

This docking station for tablets and notebooks with holder by Delock not only impresses with its design, but also with its stability and function. The rubber pads attached to the underside and in the holder ensure that neither the device nor the holder slips. Also ideal for long video calls or series marathons. The recess in the holder means that the tablet can also be charged while it is standing upright. This makes the holder ideal for long Facetime or Skype video calls, as well as a series marathon. Docking station. The docking station can be connected to a mobile device with USB-C™ DP Alt Mode or Thunderbolt™ 3 port and provides a variety of interfaces. A monitor with a maximum resolution of up to 4K 60 Hz can be operated via the HDMI output. Integrated USB ports enable the use of peripheral devices and connections for a headset and an SD or micro SD card slot complete the features. USB Power Delivery (USB PD 3.0) support up to 60 watts. The docking station has a USB Type-C™ Power Delivery port. If this port is connected to the power supply unit of the notebook or tablet, the host device is charged with up to 60 watts during operation. Note- Samsung DeX is supported.
