Product Description

This USB cable by Delock enables the connection between devices with a USB Type-C™ port and a PC or notebook with a free USB Type-C™ port. Ultra-flexible cable The cable is characterised by its special design. Instead of normal copper wires, there is a flexible circuit board inside the cable, also known as an FPC (Flexible Printed Circuit). This makes the cable extremely flexible and yet robust. It is particularly suitable for charging smartphones on a power bank when travelling. USB4™ 40 Gbps The cable enables data transfer rates of up to 40 Gbps when connecting USB4™-compatible devices. Of course, USB 3.2 or USB 2.0 devices can also be connected.
