Aeotec Z-Stick 7

from **48,75 EUR**

Item no.: 388020
shipping weight: 0.10 kg
Manufacturer: Aeotec

Product Description

Control your smart home locally, privately and without the cloud. With the Aeotec Z-Stick 7, you can create your own gateway for automation with Z-Wave technologies from the Gen7 and 700 series. Packed with new functions and technologies, but even more compact. The Z-Stick 7 is 79% smaller than the Z-Stick Gen5+ and yet just as easy to set up. S2 encrypted. With the Z-Stick 7, your smart home becomes a secure home. Wireless communication between its Z-Wave antenna and the Z-Wave products installed in your home is secured by the triple security of S2 Security. Local hosting. If your automation system is not hosted locally, security and privacy may be compromised. Take control of both by using open source hardware, such as Raspberry Pi, and software with Z-Stick 7 to host and control your automation setup locally. SmartStart supported. Install new devices in seconds. The Z-Stick 7 offers a native SmartStart function that allows new Z-Wave devices to be connected to your system simply by scanning their QR code via a SmartStart-enabled app. Features: - Z-Wave 700 series - longer range, more efficient and better performance compared to older generation series - Z-Wave controller as USB stick - Wireless technology: Z-Wave Plus V2 - SmartStart capable - S2 Security - Compatible with Raspberry Pi 4 or older versions and also with Windows, Linux and iOS - Manages up to 232 Z-Wave devices - Universally usable with various Z-Wave software solutions (requires Z-Wave Serial Bridge API support) Download high-resolution images for Aeotec products.
