LS106LP - PoE switch

from **30,52 EUR**

Item no.: 392244
shipping weight: 0.60 kg
Manufacturer: TP-LINK

Product Description

The TP-Link PoE Switch LS106LP is an unmanaged PoE switch with 6x 10/100 Mbps, 4 ports support PoE 802.3af / 802.3at (from HW revision 2.0) with up to 15.4 W/port. The total PoE budget of the switch is 41 W. With the extension mode, the PoE transmission distance reaches up to 250 m, ideal for the use of surveillance cameras in large areas. The extended mode reduces the connection speed on PoE ports to 10 Mbps, more than sufficient for transmitting images from cameras. Another function is the automatic PoE recovery, which automatically restarts unresponsive devices with PoE power supply. Key features- 4x PoE output 802.3af / 802.3at *- Total PoE budget 41 W Extended mode for a distance of up to 250 m The automatic PoE recovery automatically restarts unresponsive devices 802.3at support from HW revision 2.0 Package contents- Switching- Power supply unit 53V/0.81A- Installation instructions Connectors and interfaces- LAN speed: (6) 10/100 Mbps Power- Power type: DC connection- PoE type: PoE-Out (only)- PoE-Out standards: 802.3af, 802.3at- PoE-Out ports: 4- PoE budget [W]: 41- Long range PoE - up to 250 m: Yes- Max. Power consumption [W]: 2.5- Power supply via plug/terminal: 53 V DC Features- Design: Desktop- Fan: Without fan- Housing design: Metal- Operating temperature [°C]: 0 to 40- Width [mm]: 158- Height [mm]: 25- Depth [mm]: 101 General- Switching capacity [Gbit/s]: 1.2- MAC address table: 2000- Jumbo frame [bytes]: 2048- Packet forwarding rate [Mpps]: 0.9
