## LS1210GP - Gigabit PoE switch

from **76,07 EUR**

Item no.: 392242  
shipping weight: 1.20 kg  
Manufacturer: TP-LINK

### Product Description

TP-Link LS1210GP Gigabit PoE Switch  
Manufacturer: TP-Link  
Code: 10410920  
Part No.: LS1210GP  
Product description: TP-Link PoE Switch LS1210GP is an unmanaged Gigabit PoE switch with 9x 10/100/1000Mbps LAN ports and 1x SFP port. It supports PoE 802.3af/at on 8 Ethernet ports with up to 30W/port. The total PoE budget of the switch is 61 W. The switch also enables PoE over a distance of 250m by switching to a special mode that reduces the connection speed on the PoE ports to 10Mbps, which is sufficient for transmitting images from cameras. Another feature is PoE auto-recovery, which automatically restarts unresponsive devices powered by PoE or port isolation. Key features: 8x PoE-out 802.3af/at-1x SFP port-Total PoE budget 61 W-Extended mode for a distance of up to 250 m-Port isolation-PoE auto-recovery automatically restarts unresponsive devices  
Package contents: Switch-Power supply 53.5V/1.31A-Installation guide  
Technical parameters: Ports and interfaces-LAN speed: (9) 10/100/1000Mbps-Optical interfaces: (1) 1000Mbps  
Power supply-Power supply type: DC port-PoE type: PoE-Out (only)-PoE-Out standards: 802.3af, 802.3at-PoE outputs: 8-PoE budget [W]: 61-Long-distance PoE - up to 250m: Yes-Max. Power consumption [W]: 7.3-Power supply via connection/terminal: 53V DC  
Physical properties-Design: Desktop-Fan: Without fan-Casing design: Metal-Operating temperature [°C]: 0 to 40-Width [mm]: 209-Height [mm]: 26-Depth [mm]: 126  
General-Switching capacity [Gbps]: 20-MAC address table: 4000-Jumbo frame [bytes]: 16000-Packet forwarding rate [Mpps]: 14.9
