### Product Description

The VIGI C350 is a security device specially designed for outdoor use with IP67 certification. The camera will surprise you with its exceptional features, including intelligent detection of objects, vehicles and people using advanced Artificial Intelligence (AI) technology. You will also appreciate the ability of this security camera to deliver excellent images in all lighting conditions thanks to the innovative 24-hour full colour function. With the built-in speaker and LED lighting, the camera is able to actively deter potential intruders. VIGI integrates professional technologies that process video with a focus on improving its quality. These technologies include Smart IR, True WDR, 3D DNR and excellent night vision. The camera is easily controlled via a mobile phone app. At the same time, the camera offers the option of connecting an SD card to conveniently store the recordings. With the VIGI C350, you not only get a security camera, but also a powerful tool for monitoring and protecting your property.
