from **92,80 EUR**

Item no.: 392176  
shipping weight: 0.50 kg  
Manufacturer: TP-LINK

### Product Description

VIGI C350 is an IP camera designed for surveillance of various locations. Thanks to a large number of alarms, it is possible to set the tracking of a specific object and in case of removal from the frame or already handling the object, the camera will alert us. The camera is equipped with a 5 MP lens. For night-time surveillance of premises, there is an infrared LED and a white light that illuminates the area up to 30 metres. It uses the Smart IR method, which prevents overexposure of the area and thus enables easier facial recognition. The True WDR function in turn ensures high-quality colour reproduction. The camera can be equipped with an SD card with a capacity of up to 256 GB. The camera is set up and operated via the VIGI app or the standard web interface. The camera offers two-way audio. It also features full colour technology, which allows you to obtain a colour image even at night. The camera can be powered via a 12 V DC connection or via an 802.3af PoE Ethernet cable with a maximum power consumption of 10.5 W. Key features: - 2.8 mm lens - Maximum resolution 2880 X 1620 pixels (30 FPS) - Large number of alarms (cars, people, zone, etc.) - True WDR 120 - True WDR 120) - True WDR 120 db - 90° viewing angle - Full colour technology - Package contents: - Device - Screws - Wall mount - Waterproof cable cover - Technical parameters - Camera: WDR: True WDR (120 dB) - LightHunter - Lens type: Fixed - Lens [mm]: 2.8 (fixed) - Illumination: IR, white light - Illumination range [m]: 30 - Viewing angle [°]: 90 - Day/night mode: IR cut filter - Minimum illumination [lux]: 0.005 - Image sensor [": 1/2.7 - Image - Resolution: 5MP - Max. Resolution [pixels]: 2880 x 1620 - Connections and interfaces - Memory card slot: microSD - up to 256GB - Audio: Microphone, Speaker - Alarm: Yes - LAN speed: (1) 10/100Mbps - Power supply - Power over Ethernet: 802.3af, 802.3at, Yes - Power supply type: PoE - Max. power consumption [W]: 10.5 - Power consumption [W]: 10.5 - Power supply via plug/terminal: 12V DC - Physical properties - Protection class: IP67 - Purpose: Outdoor - Buttons: Reset - Operating temperature [°C]: -30 to 60 - Width [mm]: 187 - Height [mm]: 72 - Depth [mm]: 78 - Colour: White - Compression standard - Number of streams: 2 - Video compression: H.264, H.265, Ultra 265 - General - Camera class: VIGI - Technology and amenities: Full colour, vehicle detection, people counting, LightHunter - Software - Default IP address: 192.168.0.60
