

Item no.: 376749

MC-680 - TV tripod screen 112" 1:1 200x200from **63,18 EUR**Item no.: 376749
shipping weight: 6.00 kg
Manufacturer: Maclean Brackets**Product Description**

The screens have a special arm that eliminates the trapezoid effect. They are equipped with an ergonomic carrying handle and height adjustment. The elegant white cassette is made of metal, which increases the durability of the screen by protecting it from damage and dust. The whole is based on a foldable tripod, which can be easily stowed vertically. Resistance to frequent moving and folding. The tripod legs are fitted with rubber pads. Spring-operated lift mechanism characterised by light and smooth operation. Specification - Adjustable height of the bottom and top edge - Possibility to use 1:1 aspect ratio - Surface type: matt white - Reflection coefficient G=1.0 - 160 degree viewing angle - Projection dimension range 200 cm x 200 cm - Manual roll-out. The projection surface used - matt white - ensures excellent visual impressions of the images displayed, both for films and presentations. Recommended for home cinema, but also for presentation, training and classrooms. Can be used in strong light from the back of the screen. Reflection coefficient G = 1.0. The screen has a black border as standard.
