shipping weight: 2.80 kg  
Manufacturer: Maclean Brackets

### Product Description

Universal holder for LCD or LED monitors that can be mounted to a desk or table top. The holder is designed for monitors from 17" to 32" with a maximum weight of 9 kg. The handle optimizes ergonomics and visibility by adjusting the angle of inclination, rotation, height, etc. This solution has a positive effect on the comfort of work and helps prevent neck and back pain and eye fatigue. Cable grommets help guide cables in an orderly manner. This reduces desk clutter, which translates into a neater look and a more organized workspace. Compatible with LED, LCD TVs and monitors: Sony, LG, Samsung, Philips, Sharp, Panasonic, Toshiba, Grundig, Pioneer, JVC, Benq, Sanyo, NEC, Hyundai, Hitachi, Iiyama, Acer. We can easily attach a VESA standard screen to the holder: 75x75, 100x100 mm. Specification- Brand: Maclean- Model: MC-572N- Maximum load: 9 kg- Minimum/Maximum horizontal spacing: 75/100 mm- Minimum/Maximum vertical spacing: 75/100 mm- Adjustable inclination: from +45° to -45°- Monitor rotation: +180° to -180°- Adjustable distance of the monitor from the center of the pipe- High quality- Powder coating (black color)- Can be mounted to a desk or table top or in a cable hole- Designed for TVs 17" - 32" (or larger if their weight does not exceed 9 kg and the VESA standard is compatible with the holder)- The set includes a set of mounting screws and screws for screwing the monitor, Polish assembly instructions- We can easily attach a VESA standard screen to the holder: 75x75, 100x100 mm Set contains- Maclean MC-572N desk holder for LCD monitor 17-32", 9kg- Mounting accessories- Installation instructions- Manufacturer's packaging The removable VESA plate facilitates and speeds up the process of installing the monitor on the mount. This is a practical solution for people who want to quickly and easily mount or remove their monitor. The set includes both a desk clamp, which allows you to stably attach the holder to a desk or table top, and a grommet that allows installation in the cable hole. This gives the user greater flexibility in choosing the installation location.
