

Item no.: 395412

PAT3507XP - 3.3 3.8 GHz

from **38,75 EUR**

Item no.: 395412
shipping weight: 0.30 kg
Manufacturer: ITELITE

Product Description

Antenna Key features- Broadband- Dual-polarized panel antenna- Designed for indoor and outdoor applications- Microstrip technology- High quality materials- Fully Rsistant to weather conditions- Wall or mast mountingAntenna Applications- Future 5G mobile broadband services- Licensed band applications- Bezprzewodowa P?tla Abonencka (WLL)- Citizen Broadband Radio Service (CBRS)Electrical Properties- Frequency range: 3.3-3.8 GHz- Gain: 7 dBi- Polarization: Linear. Slant+/-45°- Beam width horizontal: 72° @ -3dB- Beam width vertical: 72° @ -3dB- VSWR: < 1.8- Impedance: 50 ohm- Front to back ratio: > 25 dB- Port isolation: >15 dBMechanical Properties- Connector: 2 x SMA-female- Windload: 150 km/h- Mounting pole ? : 5.5cm / 2.16"- RoHS Compliant: YesEnclosure Properties- Material: UV protected PVC- Colour: White- Outside dimensions: 93x93x37mm / 3,66x3,66x1,46"- Weight: 0.25 kg / 0.55 lbs- Temperature range: -40 +80°C / -40 +176°F
