shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

Delock PCI Express x16 card to 4 x internal SFF-8643 NVMe - Bifurcation - Low Profile form factor  
Description This PCI Express card by Delock expands the PC by four SFF-8643 ports. These ports can be used to connect e.g. SSDs with U.2 connection with the help of optional cables. PCIe bifurcation The card requires the PCIe bifurcation function of the mainboard in order to split the PCIe signal when several ports are occupied. Note Without PCIe bifurcation, only the first SFF-8643 connector of the card can be used. Technical data Connectors: - 4 x SFF-8643 socket - 1 x PCI Express x16, V4.0 - Supports NVM Express (NVMe) - Bootable, from UEFI version 2.3.1 - 4 x LED display System requirements - Linux Kernel 6.2 or higher - Windows 10/10-64/11 - Windows Server 2022 - PC with a free PCI Express x16 / x32 slot Package contents - PCI Express card - Low Profile bezel - User manual Packaging Box
