Product Description

Description This network cable by Delock can be used to connect various network devices, e.g. a network card with a switch or patch panel. With angled connections The connections can be angled in any direction, e.g. to the right, left, up or down. They also enable space-saving installation in tight spaces. Slim patch cable The thin patch cables are characterised by their small cable diameter and enable flexible and space-saving cabling in the network cabinet.
