

Item no.: 392248

MCRP100 - TL- - 100-240V Redundant power supply module for TL-MC1400 - Version 2

from **89,55 EUR**

Item no.: 392248
shipping weight: 1.60 kg
Manufacturer: TP-LINK

Product Description

The TP-LINK TL-MCRP100 redundant power supply module is a power supply module with alternating current (AC) input and direct current (DC) output. It is capable of converting an input voltage of 100-240V 50/60 Hz to a DC voltage of 9.5VDC with a rated power of 102W. The power supply module supports overvoltage/overcurrent protection at the output and short-circuit protection. TL-MCRP100 suitable for 14-slot rack chassis TL-MC1400 in version 2. Power- Output power [W]: 102- Output voltage [V]: 9.5- Output current [A]: 9.5 Physical properties- Operating temperature [°C]: 0 to 60- Width [mm]: 130- Height [mm]: 70- Depth [mm]: 210
