

Item no.: 362299

42482 - A-OMNI-0707-01-V1 OMNI-Directional Wi-Fi antenna 2400 - 2500 MHz, 5000

from **111,48 EUR**

Item no.: 362299
shipping weight: 0.10 kg
Manufacturer: Poynting

Product Description

Poynting Poynting A-OMNI-0707-01-V1 OMNI-Directional Wi-Fi Antenna 2400 - 2500 MHz, 5000 - 6000 MHz, 4 dBi, IP69K, vandalism protected: IK10 Item no.: A42482GTIN/EAN: 6009710921999 MAN: A-OMNI-0707-01-V1 Product description The OMNI-707 antenna is part of the new "Rhyno" antenna series. The constant gain over the entire band offers improved performance with reliable connections. The antenna is designed for superior directionality across the entire frequency range, making the OMNI-706 an exceptional omnidirectional antenna for its size. The antenna housing is made of UV-stable ASA, which provides protection in highly corrosive environments, including chemical and toxic environments such as industrial plants. The robust housing design offers IP69K and IK 10 protection in harsh environmental conditions, and the antenna is supplied with two 0.3 m type N pigtail sockets that can be connected to a cable of the desired type and length. HIGHLIGHTS- 2400 - 2500 MHz, 5000 - 6000 MHz- 4 dBi gain- ideal for IoT and M2M applications- extremely robust and vandal-proof design- high-pressure water and dust-proof housing (IP69K)- easy installation (wall or pole mounting) APPLICATIONS- Smart Utilities: Smart Power Metering, Gas & Water Metering- Smart Buildings: Climate Control, Access Control, Security, Irrigation- Smart Environmental and Water Systems- Warehouses and Logistics Systems- Industrial Factory Automation and M2M Systems- Agriculture & M2M IoT SCOPE OF DELIVERY- A-OMNI-0707-V1-01 Antenna- Wall mounting screws- Pipe mounting- Adhesive plate- L-bracket- M4 stainless steel machine screw and washer
