USS3000N - Surge protection 0 - 3000 MHz

from **43,81 EUR**

Item no.: 390133
shipping weight: 0.10 kg
Manufacturer: Televes

Product Description

Lightning protection accessories for all BOSS antennas. The lightning protection is best installed shortly after the antenna to divert lightning strikes that could damage antennas to the ground. The lightning protection can be mounted in an external housing attached to the mast. (Ref. 4163).
