+DescriptionProduct information"Yale Smart Alarm Button"Expand your Yale Smart Alarm System with the Smart Alarm Button.This multifunctional button can be used as a panic button or as a doorbell, giving you extra convenience and security. You can easily set its function in the Yale Home app. As a panic button, the Yale Button activates your alarm immediately when you press it and sends real-time notifications via the Yale Home app to all specified emergency contacts. Place it on your bedside table, mount it on the wall or anywhere else you want to feel safer. If you use it as a doorbell button, the Yale Smart Hub will emit a sound and you will receive real-time notifications via the Yale Home app when it is pressed. The Yale Smart Alarm Button is weatherproof (IP55) and therefore also suitable for outdoor use.**REAL-TIME ALARM**In panic button mode, it triggers your alarm system immediately and ensures a quick response to any emergency situation. It acts as a doorbell when someone rings the doorbell.
