Product Description

Description Product information "Yale Smart Alarm Outdoor Window Door Sensor" Expand your Yale Smart Alarm system and protect your entire property with the Smart Outdoor Door Window Sensor. It protects the outside areas of your property and detects potential intruders before they reach your home. Install it on your outdoor gate or door as it is weatherproof to IP55. Monitor the status of your gate, shed, garage or outbuilding up to 1 km from the Yale control centre Via the Yale Home app, you receive real-time notifications on your smartphone as soon as someone opens or closes the door or window, or if someone tampers with the sensor. If your sensor is armed via one of the 4 independently controllable zones, the Yale alarm system can immediately scare intruders away with a loud siren. **REAL-TIME NOTIFICATIONS** With the Yale Home app, you receive instant notifications on your smartphone when doors or windows of gates, sheds, garages or outbuildings are opened or closed outdoors. **PERIMETER SECURITY** Detect and prevent potential incidents before they happen. The outdoor window/door contact and additional outdoor accessories ensure that no area is left unprotected. **EASY MONITORING** Monitor the status of your outdoor doors and windows at any time and from anywhere. Stay in control and know that you can check whether they are open or closed. **YALE HORIZON+ TECHNOLOGY** The innovative Yale Horizon+ wireless technology provides you with a unique wireless range of up to 1 km and an extremely long battery life for the sensors. This means that not only your house is optimally protected, but also your entire property including the garage, garden shed and all outbuildings. **WEATHER-RESISTANT** With protection class IP55, the Yale window/door contact for outdoor use is designed to withstand a wide range of weather conditions and to function reliably even in difficult outdoor conditions. **COMPATIBLE WITH YALE SMART ALARM** Designed to work seamlessly with your existing Yale Smart Alarm System, it provides enhanced security and allows you to create a comprehensive system tailored to your needs. **EASY INSTALLATION** With the included mounting material, you can easily install it on your windows and doors. **Features** - Radio range: Horizon+ technology: RF with long range (1 km) - Radio frequency between Yale Hub and outdoor window/door contact: Horizon+ technology: two-way radio communication at 868Mhz - Device features: Detects opening/closing - Weatherproof: IP55 protection - Security features: Tamper-proof - Product dimensions (H x W x D): 94mm x 63.5mm x 35.01mm - Product weight: 125g - Power supply solution: 1x CR123A lithium battery - Battery life: Up to 3 years - Mounting solution: Screws (included) - Scope of delivery: 1x Door Window Sensor, 1x mounting material, 1x battery, 1x quick start guide **Further data** - Item dimensions (WxHxL): 64 x 92 x 34 mm - Packaging dimensions (WxHxL): 65 x 112 x 40 mm - Item weight (net): 0.109 Kg - Item weight (gross): 0.153 Kg - Battery: CR123A - WEEE: Yes - CE: Yes - IP class: IP54
