YA-AL-PIR-1A-W - Smart Alarm Indoor Motion Sensor

from **62,03 EUR**

Item no.: 388249
shipping weight: 0.30 kg
Manufacturer: Yale

Product Description

With the Yale indoor motion sensor as an accessory, you can expand your Yale Smart Alarm Kit. With a detection range of 12 metres and adjustable sensitivity including pet compatibility, you can install the Yale indoor motion sensor in any room of your home, either in corners or on flat walls. You will be notified via the Yale Home app as soon as movement is detected in the house or if someone tampers with the sensor. Thanks to the adjustable pet sensitivity in the Yale Home app, you no longer have to leave your pets in an unguarded house. Simply choose whether or not to configure your sensor for pets and the sensors will do the rest. **ADVANCED MOTION DETECTION** Designed to detect any movement in your home within a range of 12 metres to ensure comprehensive security coverage. **PET FRIENDLY** Activate the optional "Pet Friendly" feature, which intelligently filters out your furry friend while still detecting any potential threats. **ADJUSTABLE SENSITIVITY** Customise the system to your needs by adjusting the sensitivity of motion detection and minimising unnecessary alarms. **REAL-TIME NOTIFICATIONS** Stay on top of things with real-time notifications sent directly to your smartphone via the Yale Home app as soon as motion is detected in the home. **YALE HORIZON+ TECHNOLOGY** The innovative Yale Horizon+ wireless technology provides you with a unique wireless range of up to 1 km and an extremely long battery life for the sensors. This means that not only your house is optimally protected, but also your entire property, including the garage, garden shed and all outbuildings. **EASY INSTALLATION** The versatile design allows installation on corners as well as flat walls, ensuring comprehensive coverage in your living spaces. Choose your favourite installation method: Glue or screw. **COMPATIBLE WITH YALE SMART ALARM** Designed to work seamlessly with your existing Yale Smart Alarm System, it provides enhanced security and allows you to create a comprehensive system tailored to your needs. **Features:**- Radio range: Horizon+ technology: long range RF (1km)- Radio frequency between Yale Hub and indoor motion sensor: Horizon+ technology: two-way radio communication at 868Mhz- Device features: Selectable pet immunity, Selectable sensitivity, 12m detection range- Security features: Tamper-proof- Product dimensions (H x W x D): 121.75mm x 71.75mm x 55mm- Product weight: 275 g- Power supply solution: 1x CR123A lithium battery- Battery life: Up to 3 years- Mounting solution: Screws and 3M tape (supplied)- Scope of delivery: 1x motion sensor, 1x mounting material, 1x battery, 1x quick start guide
