from **61,66 EUR**

Item no.: 388247
shipping weight: 0.20 kg
Manufacturer: Yale

Product Description

Control your Yale Smart Alarm System easily and flexibly via the keypad. The keypad can be easily mounted anywhere wirelessly or used as a portable keypad. With a PIN code, you can disarm, partially arm or fully arm up to 4 areas in your home so that your home is always secure. The keypad has a practical backlight that is activated when approached so that you can easily enter your PIN code even in the dark. With the panic button, you can trigger your alarm immediately and activate the siren, for example, or send real-time alerts via the Yale Home app.

FULL CONTROL The Yale Keypad gives you full control over your Yale Smart Alarm. You can activate, deactivate or partially activate your alarm at the touch of a button.

YALE HORIZON+ TECHNOLOGY The innovative Yale Horizon+ wireless technology provides you with a unique wireless range of up to 1 km and an extremely long battery life for the sensors. This means that not only your house is optimally protected, but also your entire property including the garage, garden shed and all outbuildings.

SECURITY FOR MULTIPLE AREAS Secure up to 4 different areas in your home with the option of activating, deactivating or partially arming them with a personal PIN code.

LIGHTED DESIGN The keypad's illuminated buttons light up when approached, making them ideal for use in low light conditions or at night.

PANIC BUTTON The panic button allows you to instantly activate your alarm system and send a real-time alert via the Yale Home app for quick assistance.

COMPATIBLE WITH YALE SMART ALARM Designed to work seamlessly with your existing Yale Smart Alarm System, it provides enhanced security and allows you to create a comprehensive system tailored to your needs.

EASY INSTALLATION Easily attach the keypad to the wall with the included double-sided tape or use it as a portable device for convenient access anywhere in your home.
