from **46,61 EUR**

Item no.: 388234
shipping weight: 0.10 kg
Manufacturer: Yale

Product Description

Flexibly expand your Yale Smart Alarm System with wireless sensors for your doors and windows. With the Yale Indoor Door & Window Sensor, you can easily monitor the status of your doors and windows and thus secure the most important and easiest access points for potential burglars. Via the Yale Home app, you receive real-time notifications as soon as someone opens or closes the door or window, or if someone tampers with the sensor. At the same time, the Yale alarm system immediately scares intruders away with a loud siren. Thanks to its slim profile, this sensor is ideal for confined spaces and blends seamlessly into the interior of your home. It can be flexibly and easily attached to the desired location using screws or adhesive pads with the supplied installation material. **REAL-TIME NOTIFICATIONS** Stay in control with instant notifications sent to your smartphone via the Yale Home app when your doors or windows are opened or closed. **EASY MONITORING** You can easily monitor the status of your doors or windows at any time and from anywhere. Stay in control and know that you can check whether they are open or closed. **YALE HORIZON+ TECHNOLOGY** The innovative Yale Horizon+ wireless technology provides you with a unique wireless range of up to 1 km and an extremely long battery life for the sensors. This means that not only your house is optimally protected, but also your entire property, including the garage, garden shed and all outbuildings. **SLIM PROFILE** The slim design makes it perfect for narrow window and door frames. It blends seamlessly into your home without compromising on functionality. **COMPATIBLE WITH YALE SMART ALARM** Designed to work seamlessly with your existing Yale Smart Alarm System, it provides enhanced security and allows you to create a comprehensive system tailored to your needs. **EASY TO INSTALL** You can easily attach it to your windows and doors using the double-sided adhesive tape or mounting hardware provided. **MANIPULATION PROOF PROTECTION** The alarm is triggered if someone tries to remove the sensor and alerts you immediately. This ensures complete protection of your home. **Features:**-Radio range: Horizon+ technology: RF with long range (1 km)-Radio frequency between Yale Hub and indoor window/door contact: Horizon+ technology: two-way radio communication at 868Mhz-Device features: Detects opening/closing-Security features: Tamper-proof-Product dimensions (H x W x D): 68.5mm x 29mm x 9.52mm-Product weight: 35g-Power supply solution: 1x CR2045 lithium battery-Battery life: Up to 4 years-Mounting solution: Screws and 3M tape (supplied)-Scope of delivery: 1x Door Window Sensor, 1x mounting material, 1x battery, 1x quick start guide Further data:-Article dimensions (WxHxL) 29 x 69 x 10 mm-Packaging dimensions (WxHxL) 12 x 88 x 24 mm-Article weight (net) 0.020 Kg-Article weight (gross) 0.043 Kg-Battery CR2450-WEEE X-CE X-IP class IP20
