Product Description

Lock and unlock your Yale smart security ecosystem from anywhere instantly grant access to guests from your smartphone, check the status of your lock at any time and enjoy enhanced security with instant notifications when someone locks or unlocks your door and other devices from the smart security ecosystem. Connect up to four Yale smart devices to a single ConnectX Bridge for centralised control. Yale smart devices can be within approx. 10 metres of the Bridge with Bluetooth, and the ConnectX Bridge can be within approx. 20 metres of the Wi-Fi router. Power consumption is 24% lower than its predecessor, the Connect Wi-Fi Bridge, and still allows up to four devices to be connected instead of just one. The Bridge is an accessory for the Yale Smart Locks as well as the Yale Smart Safe, the Yale Cabinet Lock and the Smart Openers for gates and garages. All are accessible via the Yale Home app and provide a unified smart home experience where all your devices work together. Features:- Connection standard: Bluetooth 5.0 (low energy), 2.4 GHz 802.11 (b/g/n) Wi-Fi- Bluetooth range: approx. 10m- Wi-Fi range: approx. 20m- Number of devices to be managed: 4- Power supply: 230V - Plug type: Type C Further data:- Item dimensions (WxHxL): 125 x 68 x 15 mm- Packaging dimensions (WxHxL): 92 x 86 x 92 mm- Item weight (net): 0.087 Kg- Item weight (gross): 0.134 Kg- Plug type: Type C | CEE 7/16 - Euro plug- WEEE - CE - IP class: IP20
