JH-LHG - Radome cover for RBLHG (pack of 2)

from **80,51 EUR**

Item no.: 391361
shipping weight: 2.30 kg
Manufacturer: Jirous

Product Description

Product description Radome cover for RBLHG consists of a front radome, a rear radome and a collar. Primarily designed for Wireless Wire Dish (60GHz), this cover is also compatible with all other LHG units for 2.4GHz, 5GHz and 4G / LTE bands with a 391mm dish. Coverage of wireless connections much better withstands harsh weather conditions - especially ice and snow. Thanks to the radio's waste heat, snow and frost will not stick to the front. Radome is mounted on the antenna without compromising its design and can be used with any original LGH mount. The dimensions of the cover are 420 x 240mm, weight 0.85kg, made of UV-resistant PP (front and rear radome cover) and painted aluminium (collar). Radome covers for 2 LHG devices are included! Package contains- (2) front radome cover- (2) rear radome cover- (2) collar- (2) cable gland- (2) stainless steel mounting hardware
