HEAE4512646 - Z-Push Wall Controller Z-Wave 700 series (White RAL 9010 G)

from **48,09 EUR**

Item no.: 396445
shipping weight: 0.10 kg
Manufacturer: Heatit

Product Description

Product information "Heatit Z-Push Wall Controller Z-Wave 700 Series (White RAL 9010 G)"The Heatit Z-Push Wall Controller is a wireless, wall-mounted Z-Wave controller. It has mounting options for 1, 2 or 3 rockers, allowing easy and convenient management of your Z-Wave products. The switch can be set up to control scenarios or work in conjunction with other Z-Wave products. Each rocker switch has a two-colour LED to indicate button actuation. The Wall Controller is powered by button cell batteries. The product is primarily intended for residential applications. Features:- Wireless battery-operated wall switch For controlling lights, blinds, relays, dimmers, etc.- Suitable for System 55 frames - Suitable for System 55 frames- SmartStart- Control of up to 3 separate groups and 5 devices per group 10 scene triggers per rocker- Easy installation with screws or double-sided adhesive tape- IOT protocol: Z-Wave - 868.4 MHz (EU)- Operating voltage: Battery CR2450 3V- Degree of protection (IP): IP20- Ambient humidity (RH non-condensing %):10 - 85- Ambient temperature range during storage: 0 - 40°CFurther data:- Battery: CR2450- Z-Wave Plus: yes- Z-Wave S2: yes - WEEE: yes - CE: yes - IP class: IP20Introducing Z-Wave Plus™Z-Wave Plus™ is a new level within Z-Wave certification and is designed to help consumers identify those products that utilise the "GEN5" Z-Wave hardware platform (also known as 500 series or 5th generation Z-Wave chips). Generation Z-Wave chips). Z-Wave Plus certified products have several benefits that increase ease of use and make Z-Wave solutions even faster and easier to install and set up. Since the first Z-Wave product was certified in 2004, Z-Wave has become the market leader for interoperable smart devices in home networking. With the introduction of the new Z-Wave 500 series, the Z-Wave ecosystem has been expanded with new features such as increased range, longer battery life, Over The Air upgrades (OTA), and additional RF channels. products with Z-Wave Plus™ are fully backwards compatible with existing Z-Wave products! For consumers, homeowners, integrators and service providers, the Z-Wave Plus™ enhancements offer tremendous benefits in terms of shorter and easier installations, more extensive device profiles, improved self-healing and longer battery life. With the new Z-Wave Plus certification programme, the Z-Wave Alliance is also introducing a series of logos that can be found on the packaging of Z-Wave Plus™ certified products, informing consumers of the benefits of the Z-Wave 500 series. Benefits- 50% improvement in battery life- 67% improvement in range- 250% increase in bandwidth- Three RF channels for improved noise immunity and higher bandwidth- New network-wide plug-and-play inclusion feature- Improved self-healing and fault tolerance Improved self-healing and fault tolerance with explorer frame function- Standardised procedure for over-the-air firmware updates (OTA)- Improved product information collection for the product certification databaseZ-WaveS2The foundation of S2 is all everything needed for a smart home: The latest version of Z-Wave, reduction in power consumption compared to older Z-Wave devices and wireless communication. S2 takes all of this and expands the Z-Wave world with: Advanced encryption (AES 128-bit)More security against hacker attacksImproved battery lifeFaster communication between devices
