 from **20,64 EUR**

 Item no.: 392267  
 shipping weight: 0.10 kg  
 Manufacturer: TP-LINK

### Product Description

Tapo L535E is a dimmable light bulb with an E27 base with 16 million colours and intelligent functions. Thanks to a luminous flux of 1055 lm and a beam angle of 220°, it can replace a classic incandescent bulb with a power consumption of 75W, with a consumption of only 8.6 W! The service life of the bulb is 25,000 hours. In addition to the standard white light with a colour temperature of 2500-6500K, the bulb can light up in different colours thanks to RGB diodes. Meet Matter. Matter is a unifying connectivity standard that enables seamless communication between different IoT devices across different platforms. Realise the full potential of your smart home with Tapo Matter products. Control from anywhere in the world. Control your home lighting from anywhere with the Tapo app for iOS or Android. Multiple control options. Simply connect the smart light bulb to your home Wi-Fi network and control it with the Tapo app wherever you are. You don't need any additional controls. The light bulb also supports voice control through Amazon Alexa, Apple Siri and Google Assistant. It can be dimmed, changed in colour and brightened manually or according to adjustable schedules. Schedule and timer - go on holiday with peace of mind. Are you afraid of uninvited guests in your home when you are away, e.g. on holiday or at work, on a trip, etc.? Set it to switch on and off automatically according to a schedule! You can also, for example, make waking up more pleasant by setting the automatic lighting to a lower light intensity. Package contents- Smart light bulb- User manual. Technical parameters. Wireless functions- Radio frequency: 2.4 GHz- WLAN standards: 802.11n, 802.11b/g. Light- Luminous flux [lm]: 1055- Dimmability: Yes- Beam angle [°]: 220- Colour temperature: 2500K - 5000K (depending on setting). Power supply- Max. power consumption [W]: 8.5 W. Power consumption [W]: 8.6. Physical properties- Lampholder: E27- Operating temperature [°C]: -15 to 40- Width [mm]: 60- Height [mm]: 115- Depth [mm]: 60. Software- Remote control: Yes
