from **320,19 EUR**

Item no.: 392194
 shipping weight: 10.00 kg
 Manufacturer: TP-LINK

Product Description

Product description With the TP-Link Tapo RV10 Plus robot hoover with integrated mop, you can clean your entire household quickly and effortlessly. The hoover empties the bin itself thanks to its powerful suction power of 27,000 Pa. The closed 4-litre working filter ensures that you don't have to worry about the vacuumed dust for up to 70 days. Key features- Automatic search for a station for emptying and recharging- Cleaning route planning with zigzag profile- Vacuuming and mopping in one- 4 suction modes- 3 mopping modes- 3-hour continuous cleaning- Automatic connection when cleaning is interrupted- Increased suction power when switching to carpet - Automatic connection when switching to carpet Increase in suction power when moving to carpet- Voice control- Remote control via the Tapo app- Silent operation The Tapo charging station with triple noise reduction can reduce noise by automatically adjusting the discharge time. In "Do not disturb" mode, a low noise level of only 53 dB is set. If you decide to clean at night, the hoover will not discharge automatically in this mode. Quiet mode 53 dB Default setting 55 dB Equipped with a gyroscope TP-Link Tapo RV10 Plus has intelligent navigation that guides the robot hoover to create a path with a zigzag profile. This minimises the uncleaned area and increases cleaning efficiency. 4 suction modes and 3 mopping modes Thanks to the choice of 4 suction modes, you can clean carpets and hard floors. 3 wet mopping modes adapt to different floor types. Continuous cleaning for 3 hours The RV10 Plus robot hoover is equipped with a 2,600 mAh battery that can clean for 3 hours on each full charge. If the battery runs out during cleaning, the hoover automatically returns to the docking station and continues the interrupted cleaning automatically. Voice control Thanks to compatibility with Google Assistant and Amazon Alexa, the hoover can be easily controlled by voice command. Enter the command for how and when to start cleaning and leave the rest to the Tapo RV10 Plus. It is not afraid of obstacles or falls The hoover's low profile of 7.85 cm allows it to clean under furniture. Sensors prevent the hoover from falling down the stairs. Overcomes thresholds and carpets up to 2 cm high. Set up virtual walls with magnetic tape. Packaging contents- Appliance - Robot hoover- Automatic docking station- Mounting mop set- (2) mop- (2) 4L dust bags- (2) side brush- (2) HEPA filters- Cleaning brush Technical parameters Wireless features WiFi standards: 802.11n, 802.11b/g Integrated WiFi: Yes Connectors and Interfaces Other features: Bluetooth Power Battery capacity [mAh]: 2600 Operating time per charge [min]: 180 Physical characteristics Dust bin capacity [L]: 0.35 Water tank capacity [L]: 0.3 Width [mm]: 341 Height [mm]: 79 Depth [mm]: 341 Colour: White General Noise level [dB]: 53 Other Suction power [Pa]: 2000 Navigation type: Gyroscope
