Product Description

The BH71 Workstation and BH71 Workstation Pro models have a base station that can be connected to your desk phone, PC and smartphone at the same time, giving you an all-in-one UC communication experience. The station also features a 7.62 cm (3-inch) touchscreen, speakerphone, 3 USB 3.0 ports, a Qi wireless charger for your smartphone and a portable charging case to keep your office looking stylish and beautiful. In addition, the BH71 Pro and BH71 Workstation Pro portable charging case offers an additional 20 hours of battery life and can even cover the entire week. The BH71 Mono Bluetooth Wireless Business Headset System provides excellent audio quality whether in the car, on the train or in the office, whether connected to your smartphone, desk phone or PC. With the 4-way microphone with beamforming and noise-cancelling technology, you can always be heard clearly. The BH71 offers an adjustable ear hook for comfortable wearing. Whether you're on the go or in the office, BH71 offers up to 10 hours of talk time to ensure all-day use.
