from **33,44 EUR**

Item no.: 399378
shipping weight: 0.10 kg
Manufacturer: Yealink

Product Description

The Yealink EHS60 advanced headset adapter provides a technical interface between your Yealink DECT headset and a compatible desk phone (Cisco/Avaya/Poly/Grandstream). The device is very easy to install. Thanks to plug-and-play, you can control your phone calls remotely. This includes answering, rejecting, holding, muting, hanging up, switching between multiple calls and adjusting the volume. The adapter is specifically designed to ensure maximum productivity for business applications such as reception and call centres and is an ideal choice for the corporate, financial, healthcare, government, education, industrial and SME/SoHo market segments. Highlights - Yealink EHS60 headset adapter - Compatible with Yealink wireless headsets (WH62/WH63) - Works flawlessly with Cisco/Avaya/Poly/Grandstream IP phones - Plug-and-play - Incoming calls are signalled acoustically in the earpiece of the headset - Remote call control via wireless headset

Scope of delivery Yealink EHS60, Cable for connecting IP telephones from Avaya/Grandstream, Cable for connecting Cisco IP phones, cable for connecting Poly IP phones, operating instructions
