### Product Description

The Yealink W57R, certified to IP54 standard, is a professional, rugged DECT handset with built-in vibrate alert that is well suited for environments that can be dusty, humid and harsh. The W57R combines the benefits of wireless communication with the extensive features of a Voice over IP phone and is fully compatible with the Yealink W80/W90 multi-cell system for seamless roaming and handover functionality. The W57R absorbs occasional drops and can easily withstand falls from up to 3.5 metres. This makes the W57R the perfect companion in the office, in the warehouse or in the field. A robust and durable handset, the W57R has also been designed with Yealink's optimal HD audio quality, combining several leading technologies including FNR (Flexible Noise Reduction), full duplex and Opus. This means that users get a stable and high quality audio experience even when the environment is full of noise or interference. Highlights- Robust DECT handset with IP54 protection- Scratch-resistant, disinfectant-resistant- 4.57 cm (1,8 inch) 128 x 160 TFT colour screen with intuitive user interface- HD audio and Flexible Noise Reduction (FNR)- Vibrating alarm- Up to 40 hours talk time- Up to 575 hours standby- Illuminated keypad and key lock- Fully compatible with the Yealink W80/W90 multicell system for seamless roaming and handover Scope of delivery Yealink W57R DECT handset, charging cradle, battery, belt clip, mains adapter
