Product Description

SENIC Friends of Hue Outdoor Switch Philips Hue Product information "SENIC Friends of Hue Outdoor Switch Philips Hue" The first outdoor switch for Philips Hue. With the wireless and battery-free Friends of Hue switch and dimmer from Senic & Gira, you can effortlessly control up to 50 Philips Hue lamps and luminaires at the same time. Battery-free switch. Thanks to energy harvesting technology, the Friends of Hue switch generates enough energy to send a wireless command every time it is pressed. This means that no cables or batteries are required and the switch never needs to be recharged. Designed for outdoor use. The Friends of Hue switch can withstand normal outdoor use, sunlight and rain splashes and is IP44 certified. The switch can be attached to exterior walls with special adhesive dots (included in the packaging) or screws. Also works with HomeKit. Via the Philips Hue Bridge (v2), the switch is also compatible with HomeKit scenarios or devices, including speakers such as Sonos or Homepod, power sockets or lawn sprinklers. Trigger your favourite scenarios with a simple push of a button. Features: - Battery-free - Compatible with Philips Hue - Protection: IP44 - Compatible with HomeKit (via Hue Bridge (v2)) - Indoor range: Up to 20m - Outdoor range: Up to 300m
