AQAZHM1S-G01 - Hub M1S Gen2 (Zigbee)

from **56,76 EUR**

Item no.: 396999
shipping weight: 0.20 kg
Manufacturer: Aqara

Product Description

Aqara Hub M1S Gen 2 is a smart home control centre that connects Zigbee devices to Wi-Fi networks. At the same time, it can manage and control smart scenes and can conveniently control smart devices such as plugs, switches, light bulbs, curtains and so on. Zigbee 3.0 support, up to 128 devices Supports all current Aqara devices, based on the fastest, most stable and energy-efficient technology. Up to 128 Aqara Zigbee devices can be connected to the hub (repeater devices such as Smart Plug and Wall Switch (with Neutral) are required). Built-in speaker A powerful 2-watt speaker can be used as an alarm or doorbell as well as via configurable automations. RGB light and lighting sensor The M1S Gen 2 is not only a Zigbee 3.0 smart home hub, but also has built-in RGB lighting with 18 powerful LEDs and a diffuser. It can be used as an alarm, accent or night light and has configurable brightness and colour. Compared to our previous hubs, it also has a fully functional lighting sensor that can be used in automations via the Aqara Home app. All-round compatibility Use your favourite voice assistant or smart home ecosystem together with the automations of the Aqara Home app. Apple Siri, Amazon Alexa, Google Assistant and more are supported. Improved Wi-Fi connectivity The M1S Gen 2 has a more powerful 2x2 MIMO Wi-Fi antenna and supports the WPA3 standard, making the connection faster, more secure and more reliable. Focus on security In addition to the Aqara alarm system, the M1S Gen 2 supports all 4 HomeKit alarm modes. High quality components and design High quality components and design are not only a discreet addition to any room décor, but also make the M1S Gen 2 more reliable as a constant airflow is achieved through the large perforated base. Configurable ringtones M1S Gen 2 now supports custom MP3 ringtones that can be uploaded for voice prompts and used in automations. For example, the hub will say "Good night" when the corresponding scene is triggered. Features:- Input voltage: 100-240V~, 50/60Hz- Input current: 0.2A- Power: 7W (Max)- Wireless protocols: Zigbee 3.0 IEEE 802.15.4- Operating temperature: -10°~ 40°C- Storage temperature: -10°~ 40°C- Operating humidity: ?95% RHFurther data:- Item dimensions (WxHxL): 80 x 80 x 41 mm- Packaging dimensions (WxHxL): 84 x 84 x 81 mm- Item weight (net): 0.166 Kg- Item weight (gross): 0.000 Kg- Plug type: Type C | CEE 7/16 - Euro plug- WEEE - CE - IP class: IP20- Quantity per shipping package: 60
