## SENE DRIP800 - Strip Drip 800

from **46,46 EUR**

Item no.: 396437  
 shipping weight: 0.10 kg  
 Manufacturer: Sensitive

### Product Description

Product information "Sensative Strip Drip 800" Place the Sensative Strips Drip 800 wherever a leak could occur. Z-Wave 800 offers you highly developed technology that guarantees energy-saving communication, automatic energy management and a long battery life. The ideal place for the strips is in hard-to-reach places, such as under a washing machine or sink. You receive early notification of leaking water and thus prevent expensive consequential damage. The integrated temperature sensor also warns you if an area is at risk of freezing. The specially developed battery lasts up to 10 years. This is practical because you don't have to change or recharge batteries. Features: - Detection of water leaks - Temperature monitoring - Indoor or outdoor use - Ultra-thin (3mm/0.11in) design - Up to 10 years battery life - Easy installation - SmartStart - S2 Secure encryption - Z-Wave 800 Further data: Battery: BAT 00 001Z-Wave S2: yes WEEE: yes CE: yes IP class: IP67 Introducing Z-Wave Plus™ V2 Z-Wave Plus™ V2 is a new level within Z-Wave certification and is designed to help consumers identify those products that utilise the "GEN7" Z-Wave hardware platform (also known as 700 series or 7th generation Z-Wave chips). Generation Z-Wave chips). Z-Wave Plus™ V2 certified products have several advantages that increase ease of use and make Z-Wave solutions even faster and easier to install and set up. Since the first Z-Wave product was certified in 2004, Z-Wave has become the market leader for interoperable smart devices in home networking. With the introduction of the new Z-Wave 700 series, the Z-Wave ecosystem has been expanded with new features - such as increased range, longer battery life, Over The Air upgrades (OTA), and additional RF channels. Products with Z-Wave Plus™ V2 are fully backwards compatible with existing Z-Wave products! For consumers, homeowners, integrators and service providers, Z-Wave Plus™ V2 offers improvements and tremendous benefits in terms of shorter and easier installations, more extensive device profiles, improved self-healing and longer battery life. Benefits - Improved battery life up to 10 years - Improved range up to 90 metres - 250% more bandwidth - Three RF channels for improved noise immunity and higher bandwidth - New network-wide plug-and-play inclusion feature - Improved communication through self-healing and fault tolerance with explorer frame function - Encrypted procedure for over-the-air updates - Improved product information collection for the product certification database Z-Wave S2 The foundation of S2 is everything, everything needed for a smart home: The latest version of Z-Wave, reduction in power consumption compared to older Z-Wave devices and wireless communication. S2 takes all this and expands the Z-Wave world with: - Advanced encryption (AES 128-bit) - More security against hacker attacks - Improved battery life - Faster communication between devices
