100-00107(A5X) - Mimosa A5x, PTMP access point, 2x RSMA socket

from **289,73 EUR**

Item no.: 391375
shipping weight: 0.50 kg
Manufacturer: Mimosa Networks

Product Description

Mimosa A5x, PTMP access point, 2x RSMA socket
Product description Compact and powerful, the A5x is designed for point-to-multipoint (PTMP) applications with short to long ranges. In situations where the performance and range of the 4x4 A5c access point is not required, the ready-to-connect 2x2 A5x is the perfect solution. It's fast The A5x is a ready-to-connect 2x2 access point that delivers fibre-like speeds of up to 700 Mbps (IP). Mimosa A5x Get Around the Noise With the new spectrum becoming available in both 4.9 and 6 GHz, the A5x's wide frequency (4.9-6.4 GHz) allows affordable access to more low-noise frequencies for higher speeds and reliability - especially when combined with SRS (GPS synchronisation) for channel reuse. Mimosa A5x Ultra-rugged The A5x, with its die-cast aluminium metal housing, is designed and built to withstand the harshest outdoor elements. Package includes- Device- Quick Guide
Technical parameters
Wireless features- Wireless frequency: 5 GHz- WiFi standards: Mimosa SRS, WiFi Interop- Transmission speed - 5GHz [Mb/s]: 866- Transmission power 5GHz [dBm]: 27- 5GHz MIMO: 2 x 2- Antenna type: Detachable- Detachable antennas: 2
Connections and interfaces- RF connectors: (2) RSMA socket- LAN speed: (1) 10/100/1000Mbps- Gigabit LAN: Yes- GPS module: Yes
Power supply- Power over Ethernet: 24 ... 56V DC- PoE type: PoE-In (only)- Max. Power consumption [W]: 13
Physical properties- Application: Outdoor- Operating temperature [°C]: -40 to 55- Weight [g]: 300- Width [mm]: 75- Height [mm]: 188- Depth [mm]: 44
Software- Operating mode: Access point- IPv6 support: Yes
