📄 Product Description

Recognise at a glance whether windows and doors are open or closed, control other networked devices via automations in the event of status changes and receive notifications when you are out and about. Eve Door & Window combines the future-proof Matter standard with state-of-the-art Thread network technology. For a versatile and robust smart home that protects your privacy at all times. Eve Door & Window offers outstanding ease of use and maximum security thanks to Matter. Let the whole family control your home, whether with an iPhone, an Android device or voice assistants such as Alexa, Siri and Google Assistant. Eve Door & Window is easy to set up in just a few steps using the app or voice assistant of your favourite platform. The only other thing you need is a suitable control centre for the platform(s) of your choice.Your privacy is the greatest asset of all Eve devices: Eve will never access, store or process your personal data. Eve has no cloud or bridge. So you can fully rely on the privacy policy of your chosen platform.Features- See at a glance whether your door or window is open or closed- Create automations to control other connected devices in your home as soon as windows or doors are opened or closed (available on selected platforms)- Receive notifications to stay informed (available on selected platforms)- Wireless: Long-life, replaceable battery- Eve Door & Window supports Matter - so you can control your home seamlessly via smartphones and voice assistants on all leading platforms- Ready to use right out of the box thanks to quick and easy setup (requires control centre, see evehome.com/hub) - Apple Home users receive statistics on when and how long doors and windows were open with the Eve app for iPhone and iPad. - State-of-the-art Thread technology for a robust smart home- Strictest data protection: no Eve cloud, no registration and no tracking. Local processes and communication without cloud dependencyFurther data- Item dimensions (WxHxL): 50 x 25 x 25 mm- Packaging dimensions (WxHxL): 125 x 125 x 65 mm- Item weight (net): 0.022 kg- Item weight (gross): 0.148 kg- Battery: ER14250 (1/2AA)- CE: Yes- IP class: IP20
