Product Description

Product information "Aqara G2H Pro Camera (Zigbee)" Aqara G2H Pro Camera (Zigbee, HomeKit) has a built-in Zigbee 3.0 hub. You can connect up to 128 Aqara sensors and controllers and enjoy home automation, remote control and third-party ecosystem support. All-round compatibility The G2H Pro now supports Apple HomeKit, Amazon Alexa, Google Home and IFTTT and connects compatible devices with Home Kit, Alexa, Google Assistant and more. HomeKit-enabled 2-way audio You can make voice calls while watching video in real time and communicate with your family remotely. A microphone is equipped for noise cancellation and the recording distance is up to 5 metres. Fullst HomeKit support Apart from HomeKit Secure Video, it now supports all 4 modes of the HomeKit security system, which also automatically syncs with the Aqara Home Alert system. IR night vision with invisible LEDs Thanks to the 940nm infrared night vision LEDs, the G2H Pro Camera Hub has no annoying glow to disturb your sleep during the night. NAS and microSD support with larger capacity In addition to the microSD card, which now has an increased maximum capacity of up to 512 GB, the G2H Pro also supports local NAS storage using the Samba protocol. Quick view with time-lapse and event timeline The G2H pro now supports the generation of time-lapse clips to summarise the day in a short video. In addition, the event timeline makes each of the events on the video timeline visible. Activity and privacy masking zones Apart from the configurable activity zones, the G2H Pro has local privacy masking that can prevent certain parts of the image from being recorded or sent to third-party servers. Features:- Wireless technology: Zigbee 3.0 IEEE 802.15.4, Wi-Fi IEEE 802.11 b/g/n 2.4 GHz- Connections: Micro USB, - Power supply: 5 VDC 1A- Maximum power consumption: 5 W- Operating temperature: -10°C - 40°C- Humidity: 15 - 85% RH, non-condensing- Video resolution: 2MP 1920*1080P- Viewing angle: 146°- Local storage: Micro SD-Card CLASS 4 512GB (not included)
