📄 Product Description

GentleBOX JE-300 is a new solution from JIROUS designed for outdoor use, allowing external installation of active elements directly in the outdoor box with accessories for mounting on the pole.- GentleBOX is a complete and ideal outdoor box for AP, RouterBOARD and other electronics.- With GentleBOX you no longer need to measure and drill! Everything is ready, including the mounting holes.- With GentleBOX you no longer have to worry about cable glands and mounting material! Everything is already included. All you need is 1 slotted and 2 Phillips screwdrivers (PH1 and PH2).- With GentleBOX there is no more twisting of cable glands when tightening and loosening cables - the grommets secure the grommets against twisting.- There are grooves and holes in the GentleBOX for easy mounting of the RouterBOARD or other electronics, including screws and plastic posts.- Simplified installation of RB411, RB433, RB600, RB800, ALIX2, ALIX3, Compex, Wispstation, Rocket M2 and M5 (with GentleKLIP)- With GentleBOX, you no longer need to insulate connectors against water, everything is dry!- Easy installation of the DIN rail breakerFeatures:- Internal dimensions: 31 x 31 x 9 cm- Material: UV-stabilised ABS plastic, polyamide- 2x opening for PG113x preformed M20 knock-out holes- 3x preformed PG11 knock-out holesPackage contents:- 4 pieces ... Bayonet "screws" for easy closing of the GentleBOX- 1 piece ... Mounting kit for attachment to the pole (32 - 54 mm)- 1 piece ... Seal between the lid and the body of the box- 1 piece ... Cable gland PG11 for 4 - 10 mm cable- 1 pc ... Cable gland M20 for 4 - 10 mm cable (RJ45 plug gland)- 8 pcs ... Plastic spacers and screws for fastening the electronicsFeatures- Mounting: On pole- Prepared for cable glands (quantity): 8- Material: UV-stabilised ABS plastic, polyamide- Weight [kg]: 1.6- Width [mm]: 326- Height [mm]: 326- Depth [mm]: 88General- Compatibility: WispStation5, Alix2, Alix3, RB411, RB433, RB600, RB711, RB800, RB911, RB912
