H30UP-T2 - H30FLEX Option Upgrade from DVB-T to DVB-T2(no HEVC265)

from **173,08 EUR**

Item no.: 389779
shipping weight: 0.00 kg
Manufacturer: Televes

Product Description

This function ensures the perfect reception quality of a TV installation with DVB-T2 signals that correspond to second-generation digital terrestrial television DVB-T. If this option is installed in a measuring device, the user can capture, analyse and measure digital signals in the terrestrial DVB-T2 band. Compatible with H30 series measuring devices. Highlights: Suitable for H30+ & H30D+, H30FLEX, H30Evolution and H30Crystal measuring devices
