

Item no.: 389780

H30UP-C - H30FLEX DVB-C upgrade option

from **173,08 EUR**

Item no.: 389780
shipping weight: 0.00 kg
Manufacturer: Televes

Product Description

This function ensures the perfect reception quality of a TV installation with DVB-C signals, a standard for the transmission of digital television via cable. If this option is installed in a measuring device, the user can record, analyse and measure digital signals of the DVB-C QAM (Annex A/B) type. Compatible with H30 series measuring devices. Highlights - Suitable for H30FLEX, H30Evolution and H30Crystal measuring devices
