

Item no.: 389785

## H30EUP-WIFI - H30Evolution Option WIFI - Analyser

from **252,80 EUR**

Item no.: 389785  
shipping weight: 0.00 kg  
Manufacturer: Teledesic

### Product Description

This functionality enables a complete analysis of the Wi-Fi band for automatic detection of all networks. All of them are identified by name and the strength of the signal at the access point is also displayed. There are two display modes to choose from. The "List" mode provides a list of the detected networks with the associated data and performance, while the "Map" mode displays them on a two-axis map: Power vs. frequency.
