

Item no.: 381912

MCTV-436 - Fibre Optic Cable SC/APC Patch Cable Singlemode Network High Speed Data Transfer 10m

from **3,36 EUR**

Item no.: 381912
shipping weight: 0.60 kg
Manufacturer: Maclean Brackets

Product Description

High-quality fibre optic cable with SC/APC connectors at two ends. With a fibre optic cable, you can cover long distances while supporting high bandwidths. Ideal for transmitting data at high speeds. Suitable for indoor installations: G. 657.A2 fibre allows us to make the cable very flexible. Due to its flexibility and high tensile strength, the cable is easy to bend at corners and edges. The light, lightweight design makes it easy to install in cable ducts, for example. - Cable length: 10 metres- Connector type: male to male- Connector A: SC/APC- Connector B: SC/APC- Type G. 657.A2- Single-mode: 9/125 μ m fibre core- For indoor installation- Colour: yellow/green- High quality universal network cable made of high quality glass fibre/patch cable in yellow jacket- For high bandwidth network connections Single-mode cable: 9/125 μ m fibre core- Male SC/APC male SC/APC- Type G. 657.A2 is suitable for indoor installation- High bending strength cable can be easily adapted to angles and corners- Ideal for fast data transmission at the speed of light- For use in telecommunication networks etc.
