### Product Description

This key safe by Delock is suitable for the secure storage of keys and other valuables. Mobile use thanks to the attached hanger. The safe can be hung up in a safe place, for example at the swimming pool, when camping, on the beach or when surfing. The key safe can also be attached to a secure location for use in rented properties, such as holiday flats, so that the user can remove the keys stored there without the landlord having to be present. Numerical code. The safe is locked with a 4-digit numerical code and protected from the weather and dirt thanks to a flap. Note: Suitable for keys up to 8 cm in length. For easy installation, the bracket can be removed to first place it around the desired object. It can then be snapped back into place on the lock.
