Product Description

RB-ALUCASEP4+06 Aluminium housing for Raspberry Pi 4 B

This robust, high-quality aluminium housing for your Raspberry Pi 4 B is flexible in use, as it can be attached to walls or furniture using the aluminium bracket supplied. All connections are accessible, even from the GPIO port, cables can be routed outside through a cut-out.

Thanks to the universal VESA standard, the mount fits almost any monitor with a VESA hole pattern. Use the housing also for the usually smaller second TV sets. Just look for the appropriate VESA standard.
