### Product Description

Monitor/TV Trolley, max. 70 inch, max. 50 kg, VESA 600 x 400, adjustable

Universal table stand for mounting LED and LCD TV sets and plasma monitors, weighing up to 50 kg. On the bracket integrated in the table, you can hang a TV from 32 - 70 inches with a maximum bolt spacing of 400 by 600 mm. The handle is painted with the powder method and thanks to this, it is resistant to corrosion and scratches.

The built-in adjustable bottom shelf allows for the installation of optional accessories such as DVD players, AV receivers, tablets, laptops, consoles, etc.

The top shelf allows you to attach a projector, camera or speaker!

- Compliant with the VESA standard: 200x200, 300x200, 300x300, 400x200, 400x300, 400x400, 600x400
- Height adjustment: from 1,200 mm to 1,600 mm
- Monitor tilt: +5° to -12°
- Designed for TVs up to 70"
- 4x wheels with a lock
- Material: aluminum, plastic, steel
- Integrated cable duct
- Maximum height: 2118 mm
- DVD tray dimensions: 430 x 335 mm/Max. load: 5 kg
- Top tray (eg. for a camera) dimensions: 285 x 150 mm/Max. load: 5 kg
- The set includes mounting screws and assembly instructions
