

Item no.: 400913

## AQA\_ML-S03D - Motion and Light Sensor P2 (Matter over Thread)

from **40,49 EUR**

Item no.: 400913  
shipping weight: 0.20 kg  
Manufacturer: Aqara

### Product Description

Unleash the future of home automation with the Aqara Motion and Light Sensor P2! Dive into a new era of smart home technology with the Aqara Motion and Light Sensor P2. This state-of-the-art sensor utilises advanced Matter-over-Thread technology to communicate seamlessly and reliably with your existing smart home devices. Whether you want to automatically adjust your lighting or fine-tune your security alarms, the Aqara Motion and Light Sensor P2 gives you the control and flexibility you need. Why the Aqara Motion and Light Sensor P2? - Matter over Thread: Enjoy a stable and fast connection for enhanced performance and compatibility in your smart home. - First-class precision: The sensor detects both motion and light conditions in real time to control your home intelligently and efficiently. - Easy integration: Compatible with a wide range of devices and systems, this sensor allows you to integrate effortlessly into your existing smart home network. - Compact and stylish: With its modern design, the sensor blends harmoniously into any environment without being obtrusive. - Energy-efficient: Thanks to the advanced technology, the sensor consumes minimal power and thus contributes to sustainable energy use. Technical details: - Protocol: Matter over Thread - Motion detection: Detects movements with a detection angle of 170° and a range of up to 7 metres - Light measurement: Measures light intensity in the range from 0 to 830 lux - Power supply: Battery operated (2x CR2450, included) - Operating temperature: -10°C to 55°C - Installation: Easy mounting with double-sided adhesive tape or screws
