

Item no.: 392211

TAPO T110 - - Intelligent door or window sensor

from **15,49 EUR**

Item no.: 392211
shipping weight: 0.10 kg
Manufacturer: TP-LINK

Product Description

Product descriptionThe smart sensor is used to detect the opening or closing status of a window or door (cabinet, refrigerator, mailbox, ...) and is part of the Tapo Smart Home family. The sensor is powered by a small CR2023 long-life battery and communicates wirelessly on the 868/922 MHz frequency with the control panel required to operate the sensor. A 3M double-sided adhesive tape is used on the back of the sensor for easy, tool-free installation on any flat surface.**Technical parameters**Wireless functions- Wireless frequency: 868 MHz, 922 MHzPower supply- Power supply type: BatteryPhysical characteristics- LED indicator: Yes- Operating temperature [°C]: 0 to 40- Width [mm]: 38- Height [mm]: 61- Depth [mm]: 12
