### Product Description

Intelligent, wireless security camera for indoor and outdoor use with rechargeable 6400 mAh lithium-ion battery. Enjoy total freedom with the battery-powered, wireless design of the C410. Its versatility eliminates the need for power outlets and allows for ultra-flexible indoor and outdoor security monitoring from any location. Interact with guests or delivery people remotely via a clear two-way audio connection, providing convenience even when you're away from home. The Tapo C410 is compatible with Alexa and Google Assistant, allowing you to monitor your garden by voice command. Even in the event of a storm, power failure or interruption to the Wi-Fi connection, Tapo C410 continues to record, ensuring consistent security. Key features- Cable-free, can be installed almost anywhere: Eliminates the need for power outlets and allows for flexible placement. Bring security to your home wherever and whenever.- Superior 2K-3MP images: Capture every detail in crystal-clear 2K resolution, with advanced algorithms that ensure perfect exposure day and night.- Colour night vision: See the night in vivid colour with the wide aperture lens and built-in floodlights that are effective up to 30 feet (9m).- Extended battery life: With up to 180 days of security on a single charge, the Tapo C410 minimises maintenance.- Flexible storage options: Choose between local microSD storage up to 512GB or the secure Tapo Care cloud service for added security.- Smart people detection: Get notified when a person is detected to avoid false alarms and unnecessary notifications.- Smart phone notifications: Customise activity zones for precise motion detection and phone notifications and focus on what really matters.- IP65 Weatherproof: Excellent waterproof and dustproof performance for outdoor use.
