## TESLA Smart Home Smart Switch Wi-Fi

from **20,56 EUR**

Item no.: 388197  
shipping weight: 0.20 kg  
Manufacturer: TESLA Solar

### Product Description

Set your lights to switch off automatically depending on the time of day, or switch off the lights in your home from the comfort of your bed. With the smart switch TESLA Smart Switch and the mobile TESLA Smart app, you can do this in a flash from your mobile phone. Everything remotely Thanks to a smart app that is permanently connected to the switches, you can switch everything on and off from anywhere. You don't even have to be at home and can still operate the devices. Limitless possibilities There are many options and it's up to you which one you choose. The device connects to the app via Wi-Fi, in which you can then set various scenarios. Wi-Fi connection The device also contains a Wi-Fi receiver. This allows you to operate your switch from anywhere via the TESLA Smart app. Switching off the light from your bed is no problem The TESLA Smart Switch is equipped with a Wi-Fi module, so you can operate the lighting in your home from anywhere. All you have to do is synchronise it with the mobile app, which is available free of charge in German for both Android and iOS. Create automatic scenarios Simply use the mobile app to set the light intensity at certain times of the day or when the light should be switched off. And then you no longer need to worry about anything. For example, the patio lighting is switched off automatically or the air purifier switches itself off in the evening together with the lighting. Fits into a smart home TESLA Switch it is compatible with both Google Assistant and Amazon Alexa. Operate the light with a TESLA Switch The TESLA Smart Switch is available in the classic version with one button or as a TESLA Smart Switch with two buttons, to which you can connect two circuits, for example to control the main light and the lighting above the kitchen table separately. You can simply replace the original switch with the switch you are used to.
