from **32,08 EUR**

Item no.: 388205
shipping weight: 0.30 kg
Manufacturer: TESLA Solar

Product Description

Too much light in the living room for watching TV and too little for reading? With a TESLA Smart Home Smart Dimmer Wi-Fi, you can adjust the light intensity to your needs without having to constantly run to the switch. You can connect it to any dimmable lamp and then only need a smartphone to operate it. Automated functions You can set it up exactly as you wish. The dimmer then reacts exactly as you wish and makes the light brighter or darker. One app for everything All it takes is a light flick of the finger. That's all it takes to control the lighting in your entire smart home. Control via Wi-Fi No other device is needed to control the dimmer. All you need is a classic Wi-Fi connection and your smartphone. You can make the settings from the couch You don't even have to get up from the couch to dim or switch off the light. The dimmer has an integrated Wi-Fi module so you can operate it via the TESLA Smart app, which is available in German for Android and iOS. If you prefer manual control, you can set the light intensity directly on the device panel. Enjoy convenience with automated functions With a TESLA Smart Dimmer, you can adapt the lighting to the time of day and your habits. For example, you can set the light to dim automatically at night to avoid unnecessary glare when you go to the kitchen or toilet at night. Smart dimmer with simple control You can also set the intensity manually using the rotary knob. Mechanical dimmer In addition to remote control via the app, the TESLA Smart Dimmer is also equipped with mechanical switches. Dimmer works with Google Assistant and Alexa The TESLA Smart Dimmer also fits perfectly into your smart home as it is compatible with both the Google Assistant and Amazon Alexa. Simply connect it to the other smart devices you have at home and operate them all from one place. Features: - Smart Switch Dimmer WLAN- ID: TSL-SWI-DIMMER- Maximum load: Incandescent lamp: 300 W, Fluorescent lamp (CFL): 220 W, LED: 220 W- Dimmer control: Limit for minimum dimming- Number of controlled outputs: 1 output- Power consumption: ?0.5 W (power consumption in standby mode)- Power supply: 100-240 V AC 50/60 Hz- Operating temperature: -10-45 °C- Humidity measurement range: < 90 %- Dimensions: 86 x 86 x 53.5 mm- Connectivity: Wi-Fi 2.4 GHz IEEE 802.11b/g/n- App TESLA Smart: Google Android 6.0+, Apple iOS 11.0+
