## 1301016 - MP52 E2 Teams

from **167,18 EUR**

Item no.: 399629  
shipping weight: 1.00 kg  
Manufacturer: Yealink

### Product Description

Powerful chipsets, Android-based performance Yealink MP52 Microsoft phones comes with the New powerful chipsets that give the device stability and sustainability, optimising product performance and lifecycle. Android gives the phone a fast response and a smooth interactive experience for users. MP52 supports dual systems and also provides a secure and stable operating environment. User-friendly Microsoft Teams experience on your desktop Yealink MP52 is designed for teams with basic communication needs such as schools, hospitals, shopping centres, etc. It features a Teams user interface, dedicated Teams call function and faster response time, allowing users to enjoy more convenient Teams communication and a more efficient office environment. Professional Audio Technology That Makes Every Conversation Clear And Focused The MP52 combines professional hardware and software technology to provide crystal-clear voice communication. Thanks to Yealink Optima HD Voice, Noise Proof Technology and full-duplex speakerphone hardware with AEC and HAC handset, MP52 delivers a superior audio experience on every call. Bulk Phone Mastery Support your workforce, update and upgrade phones in bulk, and receive real-time alerts such as poor call quality or firmware upgrade failures with professional management platforms such as Teams Admin Centre (TAC) and Yealink Management Cloud Service (YMCS).
